CHELMSFORD
SCIENCE
2026 FESTIVAL
The Chelmsford Science Festival returns in 2026
20–28 October
Join us for a dynamic programme of events exploring this year's theme: Future Worlds: Earth, Space, You.
Discover ideas shaping the future of our planet, space exploration, and the role we all play in what comes next. Events will span science and engineering, health, technology, the environment, business, law, and the arts.
Do you have a curious mind? Are you interested in the future of the world around us? The festival has something for everyone.
ARU Chelmsford, Bishop Hall Lane, CM1 1SQ
aru.ac.uk/chelmsford-science-festival
The full programme will be announced in September 2026.
