

Commitment Pledge

Our school pledges a commitment to tackling health inequalities and improving the health and wellbeing of the children and young people and families in our community.

Working with the ECFWS Healthy Schools Team, we will strive to exceed Healthy Schools standard expectations by expanding our offer, embedding best practice and facilitating exemplar outcomes for our children and young people.

We are committed to celebrating excellence.
To be reviewed in Autumn 2024.

Georgina Pryke

Headteacher

SGC (Year 9)
